

## Opportunity Centre COVID-19 Safety Plan

April 5<sup>th</sup>, 2023

We are very pleased to announce that the Opportunity Centre (OC side) will return to pre-pandemic operations effective **Monday May 1st, 2023**. The OC clients will be able to attend the program on a drop-in basis once again.

Beginnings clients will continue to come on their scheduled days, but we will increase the number of clients that can attend per day as of Monday April 3rd, 2023.

As we increase the number of participants at the day program, we will continue to complete a rapid antigen test upon arrival and require masks to be worn in common areas.
